DISCUSSION AND ACTION BY THE BOARD ON THE REQUEST TO CHANGE THE SITE FOR THE ALLOCATED RACE DATES FOR THE LOS ANGELES COUNTRY FAIR (LACF) FROM LACF'S FAIRPLEX PARK TO THE SANTA ANITA RACE TRACK.

Chairman Landsburg said the Board had received legal opinions that raised matters of significance regarding both sides of the issue. He stated the arguments were part of the record and the Board did not need a review of each point. In addition, petitions from interested parties on both sides of the argument had been received, as well as electronic mail and letters. The text of the arguments presented at the June 6, 2002, Regular Board Meeting was also part of the record. Chairman Landsburg said the goal of the meeting was for the Board to hear all points of view, and provide an opportunity for Commissioners to have their questions answered. Unless the Board requested clarification, testimony from the previous meeting did not need to be revisited. Chairman Landsburg asked Deputy Attorney General Tom Blake to outline the Board's legal obligation regarding the issue. Mr. Blake said the Board's duty was to vote on the application for license to conduct a horse racing meeting when that application was presented before the Board. The association had not presented an application, so the Board was free to take testimony and formulate its opinions, but it was not

required to vote on a motion. Chairman Landsburg said one of the questions previously raised was whether Los Angeles Turf Club (LATC), by virtue of its lease agreement with Los Angeles County Fair (LACF), would have a financial interest in LACF. Bob Forgnone of LACF said the Board had copies of the lease agreement. He stated the lease agreement did not, in his judgement, give either association financial interest in any race meeting run by the other. Instead, it established the formula to determine the rental payment to LATC for its actions under the terms of the agreement. Mr. Forgnone said the lease agreement was written in a manner that would be simple to administer and would rely on numbers that could be audited by the Board and subject to no legitimate debate. Within the lease agreement, the rental portion would be calculated and paid to LATC for providing a racetrack, some of the support for the racetrack and for areas at the track where LACF could conduct fair activities. Vice-Chairman Licht asked Deputy Attorney General Blake if the confidentiality provisions of the lease agreement applied to the Board. Mr. Blake said when the lease agreement was submitted to the Board it became a public record and would be subject to the Public Records Act. Vice-Chairman Licht asked if there were any additional agreements between the parties not contained in the lease agreement. Mr. Forgnone said the agreement was composed of three documents: the lease agreement; a memorandum of lease; and a non-disturbance agreement to ensure a successor lessor if LATC ceased to be lessee of the Santa Anita company. Vice-Chairman Licht asked if all the financial information was contained within the document. Mr. Forgnone said the Board had seen what there was. Vice-Chairman Licht asked what would be the difference between LATC participating in Oak Tree Racing Association's (OTRA) gross commissions, and LATC having a financial interest in the LACF meeting. Sherwood Chillingworth of OTRA said his organization's lease with LATC had an

expense reimbursement provision that depended on the handle as well as a "sweep" provision that affected part of the net profits. He stated LATC participated in OTRA's revenues but also shared OTRA's risk. He commented it was not a gross lease. Chairman Landsburg stated so far the answer to his question regarding whether there was a commingling of financial interests in the LACF/LATC lease agreement was "no." He said the issue could be put over to a later time in an effort to find out the true answer depending on the actions of other persons. Chairman Landsburg said another issue having to do with the proposed lease agreement before the Board was the distance between the Fairplex and Santa Anita facilities. Craig Fravel of Del Mar said he sampled several sources, including Santa Anita's web site, and found Fairplex was between 18.7 and 19.98 miles from Santa Anita. Jack Liebau of LATC stated if the Board were to approve the request before it, the opponents were arguing the satellite facility at LACF would have to cease operation. He stated it was difficult for him to believe anyone in the industry would argue that a satellite facility of LACF's magnitude should be shut down. Mr. Chillingworth said one of the original arguments was the distance between the facilities was more than 20 miles. Since it had been determined the distance was less than 20 miles, the argument had become the satellite facility was needed. Chairman Landsburg stated the issue was important to the Board's decision. How important was the satellite facility, and was it a basis for denying LACF's request for change of venue. Richard Crane, representing Hollywood Park, said the position of his client was that the law stated the distance between the facilities must be 20 miles. If the distance was less than required by law, the question was settled. Vice-Chairman Licht asked if an explanation of pending legislation regarding Vallejo and satellite facilities could be provided. Chris Korby of the California Authority of Racing Fairs (CARF) said he believed the legislation would assure that a fair conducting its live racing

at a location other than its grounds could operate a satellite wagering facility. Mr. Forgnone said there was no question that "as the crow flies" the location of LACF's satellite facility to Santa Anita's satellite facility was less than 20 miles. He stated the real issue was the meaning of the statute. Mr. Forgnone briefly discussed the history of the law regarding satellite wagering facilities. He concluded by stating the purpose of the statute was to protect existing satellite wagering facilities from the incursion of new facilities within a 20-mile perimeter. The distance between the facilities in question did not matter because the statute was not intend to do away with those that existed when it was written. Vice-Chairman Licht said he did not believe there was one racetrack in California that would like to see LACF's satellite facility closed if the Board were to grant the change in venue. He stated the opponents of the move were trying to use the issue to intimidate LACF. Mr. Fravel said the Board was obligated to determine what was in the best interest of racing. He stated the issue of whether LACF could continue to legally operate a satellite wagering facility was a fundamental part of the decision. Mr. Fravel said he thought if the change in venue was granted, it would be detrimental to insist the satellite wagering facility be closed, but the industry had an interest in the law being followed. Chairman Landsburg said the law had to be followed as it permitted the Board to operate. He stated he was not sure the question regarding the distance between the satellite wagering facilities had been answered. There was more to be determined, as the issue of the number of racing dates in the central zone, which also had a mileage contingent, had to be addressed. Chairman Landsburg said another issue to be considered was whether a change in venue would mean LACF was racing at Santa Anita, or at a fair. Mr. Liebau stated he believed the Board should take administrative notice of prior interpretations of its predecessors. The San Mateo County Fair (SMCF) raced at Bay Meadows and was counted as a fair. In the

Southern zone the Orange County Fair ran at Los Alamitos and was considered a fair. Mr. Liebau said he recalled there was once a San Diego County Fair that ran at Del Mar racetrack. Past interpretations were that when a fair ran at a racing association it was never assumed the running of the association's dates impinged the number of days the fair could run. Mr. Chillingworth said he believed the law specifically allowed SMCF to run at Bay Meadows. He stated if there was a statutory exception for SMCF, it would seem the opposite would apply; unless there was an exception, LACF could not run at LATC. Mr. Forgnone said Mr. Chillingworth was wrong regarding a specific exemption for SMCF in the law. He stated the law used the term "at the fairs" which had historically been interpreted by the Board to mean "by fairs." The Board's interpretation allowed SMCF to run at Bay Meadows without reducing the association's dates, and allowed the Orange County Fair to run at Los Alamitos. Mr. Forgnone said it would be injudicious for the Board to change its interpretation of the law when it considered LACF's request for a change in venue. Chairman Landsburg commented he had heard a lot of discussion regarding the law, but not one compelling reason to grant the change in venue. He said the goal of the Board was to determine why such a move would be in the best interest of racing. If the industry continued its piecemeal arguments he did not think the question would be answered. Ron Liccardo of the Pari-mutuel Employees Guild (Guild) said his organization was neutral regarding the change in venue. However, if it resulted in closure of LACF's satellite wagering facility, the Guild reserved its right to change its opinion. Richard Baltazar, a trainer, spoke in opposition to the request for a change in venue of LACF. Richard Silverstein, a jockey agent, spoke in opposition to the request for a change in venue of LACF. Cesar Dominguez, a trainer spoke in opposition to the request for a change in venue of LACF. Ed Halpern of California Thoroughbred Trainers (CTT) said the

issues discussed before the Board were all important, however, he was sure they would at some point be determined in a court of law. He stated he would like the Board to consider the broad implications of any action it took. In making a decision the Board should also consider the precedent it might set for movement of race meets, or what could be considered the sale of race dates. Mr. Halpern said there were many things to be considered, including the possible loss of Fairplex as a training facility, the effect a change in venue would have on the influx or exodus of trainers and horses, and the introduction of new fans to racing. He stated if the location of the meeting was not considered in awarding race dates the entire equation would change. Vice-Chairman Licht asked if the CTT's board had taken a formal position on the issue. Mr. Halpern said the position of the CTT board was that LATC should run at Fairplex and the issue of a change in venue should be discussed when there was time to examine all the implications of such a move. Chairman Landsburg asked if CTT members had been polled. Mr. Halpern said CTT members had been polled and the results were three to one in favor of leaving the meeting at Fairplex. Commissioner Moretti asked what was Mr. Halpern's definition of the "proper time" to discuss the issue. Mr. Halpern said the issue should be considered when race dates were assigned. Commissioner Moretti asked Mr. Henwood to comment on Mr. Halpern's concerns regarding a potential loss of Fairplex as a training facility. Jim Henwood of LACF said the LACF race meeting was predicated on its ability to have a unique training environment. He stated LACF provided opportunities for trainers who otherwise would not have an opportunity to generate an income. Mr. Henwood stated the reason there was currently no training at LACF was that industry support had been cut in half. He said Fairplex needed training, and without it he was concerned with the facility's ability to continue in the future. Fairplex needed its trainers back, the composition of its training

restored, and it needed industry support. Mr. Halpern said the lack of training at Fairplex was not in LACF's best interest. The fewer ties LACF had with racing, the more likely the facility would be used for other purposes. Commissioner Moretti asked Mr. Henwood to explain why there was no training at Fairplex. Mr. Henwood said training at Fairplex had been an issue within the industry for a while. He stated funding for training at Fairplex ran approximately 3 million dollars a year and was provided by Southern California Off Track Wagering, Incorporated (SCOTWINC). In the current year, SCOTWINC funding was cut in half to provide additional support for San Luis Rey Downs. Don Johnson of Thoroughbred Owners of California (TOC) said SCOTWINC did cut funding to Fairplex by half. He stated the training was not entirely eliminated and the trainers decided the best way to handle the situation. However, he stated he had not appeared to talk about the funding for training at Fairplex. Chairman Landsburg said he agreed with Mr. Johnson, and asked if he was speaking for TOC. Mr. Johnson said he was representing TOC's position. He stated TOC believed in the LACF meeting, but it also believed there might be a better use for the 17 days allocated to the fair. The dates could be reallocated among other major racing meets in Southern California. Chairman Landsburg asked if owners would be better off running at Santa Anita or at LACF? Mr. Johnson said he thought many owners believed it was in their best interest to run at major racetracks. Chairman Landsburg said the issue before the Board was not the reallocation of dates; rather, it was where the dates would be run. Melvin Stute, a trainer, spoke in opposition to a change in venue for LACF. He stated he believed the quality of races run at Fairplex would not do justice to Santa Anita. In addition, Mr. Stute stated the move would hurt persons who depended on the fair for their survival. Elio Amato of the Fairplex Owners and Trainers Association said it was his understanding that Mr. Henwood had made a

deal to buy out the Barretts partner. If the LACF venue were moved, there would be no other contractual agreements to keep the track open. Mr. Amato said he had spoken to the mayor of Pomona who informed him the city had turned down permits for other structures at Fairplex. He stated he believed Fairplex had a chief executive officer who was not interested in horse racing, and who would have cart blanche once the meeting was moved. Mr. Amato added that labor would be affected if the meeting was moved and Barretts was sold. Mr. Henwood said it was LACF's intent, predicated on industry support, to continue to utilize the Fairplex facilities for training and the auctioning of horses on a year-round basis. If the Board decided not to approve the change in venue, the race meeting would also be run at the facilities. Chairman Landsburg asked if Mr. Henwood's commitment was limited to the current year, or beyond. Mr. Henwood said the commitment was long term, but to be a training facility Fairplex needed industry support. Barbara Dutton, a horse owner; Eric Weissman, a horse racing fan; Warren Stute, a trainer; Jack Van Berg, a trainer; Robert Beam, an owner, breeder and trainer; and Clifford Cyrus, and owner, breeder and trainer, spoke against a change in venue for LACF. Christopher Nash, a trainer, spoke against a change in venue for LACF. He stated horses were creatures of habit. Many were trained at farms. Mr. Nash said Pomona offered such horses the time to improve for their owners, which running at larger tracks – such as Santa Anita – would not allow. Anthony Scott, a horse owner, said he owned horses because of his experiences with fairs. He said he did not understand why LACF was proposing to move. Mr. Scott said racing needed new fans, and the fairs were where they could be found. If the venue was moved young people would not drive to Santa Anita just to watch racing. Chris Korby said the CARF board of directors voted on the issue and decided not to take a position. He stated, however, he hoped the discussion regarding a change in venue for LACF had

helped sharpen the focus on the deep connection between horse racing and fairs. Horse racing generated license fees that provided critical support for over 80 fairs in California, and CARF appreciated the Board's review of the important connection between horse racing and fairs. Bob Lewis, a horse owner, spoke in favor of a change in venue for LACF. Mr. Lewis said he respected the tradition of running a meeting at Fairplex, but he felt the industry needed to move forward. A change in venue would be advantageous as the purse structure and growth in handle at Santa Anita would outstretch Fairplex. Mr. Lewis stated he could remember when one could hardly move on the tarmac in front of the grandstand at Fairplex, but those days were gone, and Fairplex had suffered from reduced attendance. Mr. Lewis said he would not suggest a change in venue was the solution to the problem of attendance at Fairplex, but something had to be done. Mr. Lewis commented the industry needed to be innovative and accept change as it was taking place whether the industry acknowledged it or not. Ward Flemming, a horse racing fan, spoke against a change in venue for LACF. Ms. Dutton said she too could remember when Santa Anita had 72,000 fans on opening day. Ms. Dutton said moving Fairplex would damage horse racing because new owners did not come from simulcasting. New owners were created at live meetings. Ms. Dutton stated horse racing needed to keep live racing venues open. Mr. Amato said a reason to keep LACF at Fairplex was the cost of trainers at Pomona vs. the cost of trainers at Santa Anita. When potential owners learned a horse could cost up to a hundred dollars a day to keep, they would shy away from the sport. Training at Fairplex offered a lower-cost way for potential owners to enter the sport. Mr. Amato said there were many capable trainers at Fairplex who were available at a lower cost, and if they were marketed to the public a little more aggressively, the industry might find Fairplex was a diamond in the rough. Mace Siegal of TOC stated his organization

was in favor of moving LACF dates from Fairplex, but was not in favor of moving them to Santa Anita. He stated TOC was in favor of allocating the dates to where they would do the most good for the industry. Mr. Siegal said he thought moving the dates to Del Mar a week before the opening of its meeting would be ideal. Rather than make a decision regarding the dates the industry should explore all opportunities and create a plan. Vice-Chairman Licht asked if TOC was not in favor of granting the request before the Board. Mr. Siegal said TOC was in favor of moving the dates, but not to Santa Anita. He stated TOC believed the idea needed more study. Mr. Henwood said Mr. Siegal's comments and the underlying current regarding reallocating LACF's race dates was exactly why the request for a change in venue was made. He stated the threat of losing its dates if it did not act had been hanging over LACF for many years. Mr. Henwood said he understood TOC's position, but LACF was not interested in dividing up its race dates. LACF was interested in finding a place it could run its meeting in a manner that would be supported by the industry and where it would not feel vulnerable. Chairman Landsburg said the Board had heard many opinions regarding a change in venue for LACF. He stated the small owners and trainers were looking for venues where they could improve racing in California. Chairman Landsburg said the Board could make one of several decisions – including denial or approval of the request, or simply a consensus of the seated Board members without approval or denial. He stated it was his preference that a consensus of the Board be taken regarding what it would like the license application to reflect. Commissioner Harris said he thought the issue needed closure – unless there were other issues the Board was unaware of. He stated he believed the next Regular Board meeting was six weeks away and it could present a problem for those involved to have to wait. Vice-Chairman Licht said he would like to have the Board be polled on the move, but reserve the right to

change its decision when LACF's license application was formally presented. Chairman Landsburg said the Board did not have a formal application from LACF, so in fairness to all parties he would take a poll of the Commissioners to determine their feelings regarding LACF's request. Commissioner Moretti said she had been listening to all the arguments presented to the Board. She stated she agreed with Mr. Lewis that the industry needed to innovate. Commissioner Moretti said LACF was trying to reinvent itself, yet its request was not supported by the industry in general. LACF had been criticized in many ways over the years due to its facility, yet the facility was the very reason many horsemen were stating they wished to keep the meeting at Fairplex. Commissioner Moretti said she was encouraged to hear that Fairs and Expositions wished to work with racing fairs to improve their position as she believed what Fairplex was experiencing would be the lot of other fairs in the next few years. She commented she had never received so many comments regarding an issue since she had been a member of the Board, but if she were to vote she would reject the move of LACF to Santa Anita without prejudice for future discussion. Vice-Chairman Licht said he too had listened to the arguments presented before the Board, and had spoken privately with various members of the industry and the public. He stated he did not believe the industry had presented any arguments regarding what was best for the industry. The industry had talked about what was in the interest of their particular institution. Vice-Chairman Licht said nothing was more evident of the industry's approach to the subject than the conversation regarding the Fairplex simulcast facility. If what was in the best interest of racing was the subject, not one person would suggest the facility be closed. Vice-Chairman Licht said he was not in favor of granting LACF's request for 2002, but would seriously consider it in the future with more evidence of what was in the best interest of the industry. Chairman Landsburg said with the

number of crises facing the industry, it seemed to him the industry could not keep doing its business in the same way and survive. He stated he had not heard one reason a change in venue would degrade racing, yet he had heard why it would improve racing on a national level. Chairman Landsburg said he would be inclined to approve a change in venue for LACF for a one-year trial period. Commissioner Granzella said she agreed with Chairman Landsburg. She said she applauded LACF for attempting to get the industry to try something new. While she admired tradition, Commissioner Granzella stated she believed the industry should adopt new ideas and she would grant a one-year trial to LACF. Commissioner Harris said he thought the race meeting at Fairplex would serve racing better if it stayed where it was. He stated LACF provided diversity, vitality and variety in racing and did more to create new fans. Commissioner Harris said he agreed that the industry needed to constantly reinvent itself, but he did not think moving LACF racing to Santa Anita for 17 days would accomplish that goal. He stated he would be against granting LACF's request for a change in venue. Commissioner Sperry said he had listened to testimony with an ear to learning where those speaking were coming from and how they thought they represented the industry. He stated he still did not understand how moving LACF's meeting to a larger racetrack would involve more people in horse racing. Commissioner Sperry said he believed attracting more people to the track would increase the handle. He stated he did not have an answer to the question of how to attract more racing fans, but he did not believe it would be in the best interest of horse racing to grant LACF's request for a change in venue. Chairman Landsburg said he believed the industry had a sense of the Board's consensus regarding a change in venue for LACF. He stated each Commissioner reserved the right to change their position given a formal license application from LACF. Commissioner Sperry said Commissioner Moretti had indicated she

would not be present at the July 25, 2002 Regular Board meeting. He said he believed a vote should be taken to decide the issue. Commissioner Sperry motioned to deny the request by LACF to move its race meeting to Santa Anita Park Race Track. Commissioner Harris seconded the motion, which was carried with Commissioners Harris, Licht, Moretti and Sperry voting "yes," Chairman Landsburg voting "no" and Commissioner Granzella abstaining.

NOTICE TO APPLICANT ALL funds generated and retained from on-track pari-mutuel handle which are obligated by law for distribution in the form of purses, breeders' awards or other benefits to horsemen, shall not be deemed as income to the association and shall, within 3 calendar days following receipt, be deposited in a segregated and separate liability account in a depository approved by the CHRB and shall be at the disposition of the Paymaster of Purses, who shall pay or distribute such funds to the persons entitled thereto. All funds generated from off-track simulcast wagering, interstate wagering, and out-of-state wagering which are obligated by law for distribution in the form of purses and breeders' awards, shall also be deposited within 3 calendar days following receipt, into such liability account. In the event the association is obligated to the payment of purses prior to those obligated amounts being retained from pari-mutuel wagering for such purpose, or as a result of overpayment of earned purses at the conclusion of the meeting, the association shall transfer from its own funds such amounts as are necessary for the Paymaster of Purses to distribute to the horse owners statutorily or contractually entitled thereto. The association is entitled to recover such transferred funds from the Paymaster of Purses' account; and if insufficient funds remain in the account at the conclusion of the meeting, the association is entitled to carry forward the deficit to its next succeeding meeting as provided by B&P Code Section 19615(c) or (d). In the event of **underpayment** of purses which results in a balance remaining in the Paymaster of Purses' account at the conclusion of the meeting after distribution of amounts due to horsemen and breeders and horsemen's organizations, the association may carry forward the surplus amount to its next succeeding meeting; provided, however, that the amount so retained does not exceed an amount equivalent to the average daily distribution of purses and breeders' awards during the meeting. All amounts in excess shall be distributed retroactively and proportionally in the form of purses and breeders' awards to the horse owners and breeders having earned purses or awards during the conduct of the meeting.

**Subject to change. A finalized schedule, including rates, will be provided upon completion of negotiations.*

NOTICE TO APPLICANT B&P Code Section 19596.2(a) stipulates that on days when live thoroughbred or fair racing is being conducted in the state, the number of thoroughbred races which may be imported by an association or fair during the calendar period the association or fair is conducting its racing meeting cannot exceed a combined daily total of 23 imported thoroughbred races statewide. The limitation of 23 imported thoroughbred races per day statewide does not apply to those races specified in B&P Code Section 19596.2(a)(1), (2), (3) and (4).

THOROUGHBRED SIMULCAST RACES TO BE IMPORTED

Name of Host Track	Race Dates	Full Card or Selected Feature and/or Stakes Races
Examples:		
Calder Race Course	1/1 & 1/2/99	Full Card
Fair Grounds	3/14/99	Selected Feature and/or Stakes Races

- G. For **QUARTER HORSE** racing associations, list the host track from which the association proposes to import out-of-state and/or out-of-country quarter horse races. Include the dates imported races will be held, and whether or not a full card will be accepted. If the full card will not be imported, state "selected feature and/or stakes races":

- H. For **STANDARD BRED** racing associations, list the host tracks from which the association proposes to import out-of-state and/or out-of-country harness races. Include the dates imported races will be held, and whether or not a full card will be accepted. If the full card will not be imported, state "selected feature and/or stakes races":

- I. For **ALL** racing associations, list imported simulcast races the association plans to receive which use breeds other than the breed of the majority of horses racing at its live horseracing meeting. Include the name of the host track, the dates imported races will be held, and how many races will be imported:

N/A

- J. For **ALL** racing associations, if any out-of-state or out-of-country races will commence outside of the time constraints set forth in B&P Code Section 19596.2(d), attach a copy showing the agreement by the appropriate racing association(s).

N/A

NOTICE TO APPLICANT ALL interstate wagering to be conducted by an association is subject to the provisions of Title 15, United States Codes, which require specific written approval of the CHRB and of the racing commission having jurisdiction in the out-of-state venue. All international wagering to be conducted by an association is subject to the provision of B&P Code Sections 19596, 19596.1, 19596.2, 19601, 19602, and 19616.1, and will require specific written approval of the CHRB.

Every association shall pay over to the simulcast organization within 3 calendar days following the closing of wagering for any day or night racing program, or upon receipt of the proceeds, such amounts that are retained from off-track simulcast wagering, interstate and out-of-state wagering, and which are obligated by statute for guest commissions, simulcast operator's expenses and promotions, equine research, local government in-lieu taxes, and stabling and vanning deductions. Every association shall pay to its Paymaster of Purses' account within 3 calendar days following the closing of wagering for each day or night racing program, or upon receipt of the proceeds, such amounts that are retained or obligated from off-track simulcast wagering, interstate and out-of-state wagering for purses, breeders' awards or other benefits to horsemen. (See Notice to Applicant, Section 5.)

NOTICE TO APPLICANT All funds generated and retained from on-track pari-mutuel handle which are obligated by law for distribution in the form of purses, breeders' awards or other benefits to horsemen, **shall not** be deemed as income to the fair and **shall**, within 3 calendar days following receipt, be deposited in a segregated and separate liability account in a depository approved by the CHRB and shall be at the disposition of the Paymaster of Purses, who shall pay or distribute such funds to the persons entitled thereto. All funds generated from off-track simulcast wagering, interstate wagering, and out-of-state wagering which are obligated by law for distribution in the form of purses and breeders' awards, shall also be deposited within 3 calendar days following receipt into such liability account. In the event the fair is obligated to the payment of purses prior to those obligated amounts being retained from pari-mutuel wagering for such purpose, or as a result of overpayment of earned purses at the conclusion of the meeting, the fair shall transfer from its own funds such amounts as are necessary for the Paymaster of Purses to distribute to the horse owners statutorily or contractually entitled thereto. The fair is entitled thereafter to recover such transferred funds from the Paymaster of Purses' account; and if insufficient funds remain in the account at the conclusion of the meeting, the fair is entitled to carry forward the deficit to its next succeeding meeting as provided by B&P Code Section 19615(c) or (d). In the event of **underpayment** of purses which results in a balance remaining in the Paymaster of Purses' account at the conclusion of the meeting after distribution of amounts due to horsemen and breeders and horsemen's organizations, the fair may carry forward the surplus amount to its next succeeding meeting; provided, however, that the amount so retained does not exceed an amount equivalent to the average daily distribution of purses and breeders' awards during the meeting. All amounts in excess shall be distributed retroactively and proportionally in the form of purses and breeders' awards to the horse owners and breeders having earned purses or awards during the conduct of the meeting.

**STAFF ANALYSIS
PROPOSED ADDITION OF
RULE 1867
PROHIBITED VETERINARY PRACTICES**

Regular Board Meeting
August 21, 2002

BACKGROUND

Responsibilities of the California Horse Racing Board (CHRB) include protecting the integrity of horse racing, guarding the health of the horse and safeguarding the interest of the public and the racing participants. In this regard the Board is poised to establish rules, that serve to protect the horse and rider and driver.

Rule 1867 Prohibited Veterinary Practices will establish criteria and list those drugs, substances or medications whose use or possession of constitutes a prohibited veterinary practice.

ANALYSIS

Rule 1867, Prohibited Veterinary Practices, will specify that use or possession of certain enumerated drugs, substances, or medications on the premises of a facility under the jurisdiction of the Board is prohibited.

Post-race urine and blood samples are taken and tested under the Boards comprehensive testing program. The application of available technology enhances the ability to detect a wide range of prohibited drug substances. However, there are substances that may be in use at race tracks that are difficult to detect under current laboratory testing methods. Under Rule 1867, the use or possession of specified substances constitutes a prohibited practice, and would be in violation of the Board's rules.

In addition to establishing the criteria for prohibited veterinary practices, the rule identifies those acts, practices, drugs or substances that fall in the "prohibited practices" category. Rule 1867 identifies substances or acts the Board has determined are prohibited veterinary practices. The list is not stagnant and can be added to as the Board so determines.

Erythropoietin, also referred to as EPO, and Darbepoietin are closely related medications. They are human medications used to increase red blood cell concentration. These drugs are rumored to be in use at race tracks around the world in an attempt to increase the number of red blood cells in the horse. In theory the use of the drugs would improve the stamina of the horse and therefore improve performance.

There is no accepted veterinary medical use for these medications and the United States Food and Drug Administration (FDA) has not approved Erythropoietin or Darbepoietin for use in the horse. There is evidence that serious adverse effects could result to the horse from the administration of these drugs. Adverse effects would include severe hemoconcentration and an immune response leading to a severe anemia which may be unresponsive to treatment.

Erythropoietin and Darbepoietin fit the criteria for inclusion as a prohibited veterinary practice, as defined in Rule 1867. In addition, The association of Racing Commissioners International has suggested its member racing commissions adopt rules making the use and or possession of Erythropoietin and Darbepoietin at a facility under the jurisdiction of the regulatory body a prohibited practice.

RECOMMENDATION

The proposed addition of Rule 1867 was presented and approved for notice at the June 6, 2002 Regular Board Meeting. No comments were received during the 45-day public comment period.

Staff recommends the Board adopt Rule 1867 as presented.

CALIFORNIA HORSE RACING BOARD
TITLE 4, CALIFORNIA CODE OF REGULATIONS
ARTICLE 15. VETERINARY PRACTICES
Proposed Addition of
Rule 1867
Prohibited Veterinary Practices

Regular Board Meeting
August 21, 2002

Rule 1867. Prohibited Veterinary Practices

For purposes of this division, prohibited veterinary practices means:

(a) the possession and/or use on the premises of a facility under the jurisdiction of the Board of any drug, substance or medication specified below for which a recognized analytical method has not been developed to detect and confirm its administration; or the use of which may endanger the health and welfare of the horse, or the safety of the rider or driver.

(1) Erythropoietin (EPO)

(2) Darbepoietin

(b) the possession and/or use on the premises of a facility under the jurisdiction of the Board of any drug, substance or medication that has not been approved by the United States Food and Drug Administration (FDA) for use in the United States. The Board may grant an exception to this subsection if the person or persons seeking the exemption submits written documentation that demonstrates an FDA exemption has been obtained pursuant to Guide 1240.3025 of the FDA Center for Veterinary Medicine (CVM) Program Policy and Procedures Manual, which is hereby incorporated by reference. Guide 1240.3025 of the FDA CVM Program Policy and Procedures Manual may be obtained at the California Horse Racing Board's headquarters office.

Authority: Sections 19440, 19562, 19580 and 19581,
Business and Professions Code.

**STAFF ANALYSIS
REQUEST FOR APPROVAL OF
CHARITY DISTRIBUTION**

**REGULAR BOARD MEETING
AUGUST 21, 2002**

Background:

The Bay Meadows Foundation, a charitable foundation completely independent of the Bay Meadows racing operation, is requesting that the Board approve its proposed distribution of charity racing day proceeds of \$105,000. The list of 44 beneficiaries is attached for your review. Exactly 20% of the total dollars distributed will go to charities associated with the horse racing industry. This allocation meets the legal requirement for charity day distributions.

Recommendation:

Staff recommends that the Board approve this request.

Dear Mr. Reagan:

Enclosed is a list of grants awarded at The Bay Meadows Foundation's Board meeting on June 13, 2002. We are currently holding \$114,902.00 in Charity Day proceeds and we will be left with a balance of \$9,902.00 following the proposed distribution of \$105,000.

With the exception of the horse racing-related entities designated by the Bay Meadows Operating Company, we hereby affirm that the charities we have selected for grants meet the eligibility requirements pursuant to Business & Professions Code §19556.

Please submit the attached list to the Horse Racing Board for approval at their next meeting and advise us as soon as possible of their decision.

Yours very truly,

MELVIN E. COHN
